THE STATION S.F.

WELCOME TO THE STATION SF

A CAFÉ AND EATERY FEATURING THE FRESHEST SEASONAL MENU AND LOCALLY ROASTED COFFEES MADE TO RELAX AND REFRESH YOU FOR THE JOURNEY AHEAD.

The Station draws its culture from the most celebrated train stations of Europe. During the early days of the classic cycling races, pro tour riders were shuttled to various stages of the race via the rail system. The local stations became the ultimate gathering place where people ate, drank and talked about the day's events. It was the hub of the community. And so, The Station SF was born.

We are your local hub. Coffee and breakfast on your way to work, an afternoon oasis from the rigors of the day, or a weekend getaway to hang out, relax and enjoy the day.

The team at The Station SF strives everyday to provide you with the freshest and tastiest items around, delivered with a smile by our friendly staff. All items are prepared from scratch and we feature only the highest quality artisanal meats, cheeses and bread for our scrumptious sandwiches. We insist on going the extra distance to ensure you enjoy your time with us.

Happy Caffeinating!
